

We WOOD like you!

Because with us, energetic personalities are shaped into leaders.

Learning and growing with one another!

Our students are the centre of attention.

More and more, teacher-centred teaching is being replaced by an alternative, individual form of teaching, which verifiably promotes social skills of students and increases their academic success.

Top rate: Holztechnikum Kuchl's school completion rate excels at 86%.

In addition to the implementation of new teaching methods, other measures are also responsible for a minimal drop-out rate at Holztechnikum Kuchl, for example, creation of learning groups, tutoring courses, after-school tutoring in the dormitory, as well as a transparent performance evaluation system.

GET PERSONAL INSIGHT INTO OUR WORLD!

At anytime during the school year, spend one or two days of your choice with us!

Jump into the future!

The leading private technical education for woodworking professions:

- Higher Technical School for Business Management / Timber Industry
- Technical School for Timber Industry and Sawing Technology
- Dormitories

Career springboard "wood" – the education with an international horizon!

Promising future prospects: Holztechnikum Kuchl offers a versatile education. Our graduates are sought after throughout Europe.

Timber companies in Austria are continually looking for qualified employees. Holztechnikum Kuchl, with its Higher Technical School for Business Management / Timber Industry and Technical School for Timber Industry and Sawing Technology, provides this special, private education.

Within Austria, our academic trademark is a one-of-kind combination of timber/ technology, business administration and foreign languages (English, Italian, Russian). The close link to the industry ensures acknowledged practical training.

We WOOD like you!

Who are we looking for?
What do we have to offer?

young individuals interested in wood training of future experts and management personnel for the timber industry with job security

Holztechnikum Kuchl. Modern through tradition.

Our trademarks are:

- professional networking for the future
- hands-on training
- close contact with the industry
- individual guidance
- minimal drop-out rate

our mission statement

We, students, parents, dormitory advisors, teachers and school associates, represent a community, which abides by mutually agreed upon rules and is responsible for the continual development of a common culture of life, learning, and decision-making.

living

We respect the personality of each individual, his or her interests and needs.

learning

Our education for young individuals is versatile, practical and oriented with an outlook towards the future. It is combined with the development of higher social and technical skills for future management personnel.

forming our world

With our Austrian and international partners, we are working on the sustainable utilisation of the living and natural material wood.

Wood is my future!

The best outlook with Holztechnikum Kuchl.

Technical and social skills – the secret of our success.

In addition to technical qualifications, the professional working world requires social skills, such as a sense of responsibility, good communication skills and the ability to be a team-player. At Holztechnikum Kuchl, in the classroom and in the dormitories, special value is placed on personal development in conjunction with outstanding expert knowledge. As counsellors for parents and students, the dormitory advisors assume the important function to convey social competence and to promote the academic performance of students. Three-fourths of the students at Holztechnikum Kuchl, who come from all over Austria, South Tyro and Bavaria, reside in the dormitory. This comprehensive support provides our graduates with good prospects for job security in the future.

Our graduates work in:

- wood materials manufacturing
- furniture manufacturing
- timber construction
- timber trade
- sawmilling industry
- related industries
